Seine River School Division

June 30, 2021

Seine River School Division values the work of our leadership teams in their support of student learning, well-being and career preparation. The division continues to work towards supporting students/staff well-being and educational outcomes while at the same time manage the upcoming changes in provincial education. The division has seen some major transitions in divisional leadership over the past several months and is announcing the pending retirement of our Secretary-Treasurer Mrs. Mary Trudeau.

Mary has been with the division since 2006 and has served the finance department by working in Accounts Payable, Accounting Assistant, Finance Manager and most recently as the division's Secretary-Treasurer. She has brought tremendous talents of organization, efficiency and strategic thinking to the Finance Department. Her level of professionalism, knowledge and dedication has been extremely beneficial to the staff and students of our division. She truly understands the role to "serve those who serve" and has made tremendous contributions to the organizational culture and structures.

We wish Mary much health, happiness and enjoyable times with family (in particular, her grandchildren!) as she moves on to the next phase of her life. She will be retiring as of December 31, 2021.

Mary has been instrumental in supporting schools during this pandemic and will be greatly missed. Congratulations Mary!
