

POLICY:

REGULATION: IIAE TECHNOLOGY RESOURCES

EXHIBIT:

Technology

A) Technology Support Persons

The technology support persons responsibilities pertain to the technical aspects of the divisions and schools' computer systems and hardware. (Caution should be exercised against calling on his services as a computer consultant with responsibilities in the area of curriculum and policy development.)

These persons work under the supervision of the maintenance supervisor. These services are accessed by e-mail or by using the Service Request Form. Should the problem be urgent, they can be reached on his mail.

Supplies required to repair a school's computer are charged to the school's budget and require the principal's authorization through the normal purchase order process.

B) WebSites

All schools have developed and/or are developing School Home Pages on the World Wide Web. School home pages should be updated regularly. The Divisional Homepage is maintained by the staff and students at Ste. Anne Collegiate.
