

**POLICY: JA - Appropriate Educational Programming**

REGULATION:

EXHIBIT:

Seine River School Division engages in a process of planning and reporting progress toward meeting identified educational outcomes annually. This process involves the community, parents, and students.

Planning in order to meet the needs of all students in the school division is a priority. Teachers plan to meet the needs of students in their classes and use instructional practices for a diverse group of learners. For a small number of students who have exceptional learning needs, the teacher, parents, students (when appropriate) and school team plan specifically for the individual students.

APPROVED: June 2013

REVISED:
