

Grade 10-12 Physical Education Permission Form

During this semester your son/daughter will be allowed to sign up for different physical education blocks for their gym credit. They will always have the choice of two activities: one will be in the gym and the other will be outside of the gym or off site. Some of the offsite blocks will have a fee attached to them. There is always an option offered that does NOT have a fee attached, therefore any student can take physical education without paying any fees.

2019-2020 Out of Class Blocks:

- Golf - \$51 fee
- Archery/Bowling - \$21
- Yoga - \$21
- Curling - \$21
- CPR and First Aid - \$25 (the money is only required for this block if you chose to get certified)
- Arena Block - \$21
- Tennis – no fee

Please check off which gym blocks your son/daughter may be interested in this semester.

****Please note that the fee for each block is due one week before the block starts. We ask that if you will be writing cheques that they are separate cheques for each block as they are not all tracked by the same person****

I give permission for my son/daughter _____ to participate in the above chosen activities throughout this semester. I understand that depending on his/her choices there could be fees attached.
