Book Report Visual Project

Objective: Your goal is to choose one of the following projects to recreate a visual representation of the book you have chosen for your book report.

CHOOSE ONE THAT YOU DID NOT DO LAST TIME PLEASE. THIS MEANS THAT PRETTY MUCH EVERYONE BUT HANNAH CANNOT DO THE POSTER.

Options:

1. ~~Poster~~

~~-Create a large colorful poster representing the book.~~

2. iBook/iMovie/Explain everything/Book creator presentation

-Using one of the three apps, create a presentation of your book.

3. Make a movie trailer of your book

-If your book were a movie, what type of movie trailer would you expect to see? You are now a producer, and must create a 2-4 minute trailer of your book.

4. Create a large brochure (good for adventure/suspense books)

-Using a large poster board create a large foldable brochure about your book.

5. Create a comic book/magazine/picture book.

-Through an app on the iPad or by hand, create a visual book representing the book you chose.

****For all of the technology options there must be some sort of sound effects (music, voiceovers or animation to your project.)**

**** For all of the paper assignments you must include color whether that be through paint, markers, pencil crayons, the project needs to capture the eye of the audience.**

Once you have chosen an option, you must make sure that your project demonstrates the following categories:

-Title & author of the book

-Settings within the book (list the settings of the book or portray the settings in a unique way, such as use the setting as a background for your project.)

-Symbolism (are there any symbols that appear frequently in the book ex. A mystery key. What do these symbols mean, how do they connect to the book? Is there maybe a hidden message in your book, or a life lesson we could all benefit from?)

-Main characters (List all main characters, give a brief description of their personalities and who they are in the book, you must also have a visual representation of this person, you may need to draw a picture, use one online that resembles the person you pictured while reading this book.)

-Important events (include at least 3 important events that happen in the book, ex. A large tornado sweeps the town, aliens come to earth.)

-Plot (what is the problem in the book)

-Conclusion (how is the problem resolved)

-Review/opinion (What do you think of the book? Out of 5 stars, 5 being the highest what would you rate this book, and would you recommend it to others?)

This whole project is on 110 points.
