

FEATURE of the WEEK

The Beat Goes On!

Every year, each K-8 school can select up to ten 7th and 8th-grade band students who would benefit from the experience of participating in the annual Honour Band enhancement opportunity.

On day one, our three high school band instructors, who are the guest conductors, get approximately 70 students together to introduce them to the music and get started learning the pieces. Students were allowed to take their music home, so they could practice it during the following week.

On the second day, they had an intensive rehearsal over the course of the day to prepare for their live performance that evening. The concert program included performances by the three high school bands as well. Once again, the St Norbert Gym was packed with family and community members celebrating their collaborative hard work.

This program provides students with an opportunity to interact with peers from across the division and make new friends through creativity, teamwork, and camaraderie.

We appreciate our dedicated music and band teachers who consistently go above and beyond to enhance their music curriculum and create unique experiences for our students.
